

NCA Road Trip: We Want You To Be a Part of the Commemorative Draft Test Catalog!

The last time the NCA hosted our national specialty was in 1969 in Lenox, MA. The 2010 Draft Test will be the first test held in conjunction with an NCA hosted National. Through the last few decades, draft tests have been an important part of the specialty week. These tests have been made possible due to an NCA Regional club's dedication to the preservation of the working Newfoundland. This year the Great Lakes Newfoundland Club will host the two-day Draft Test. To mark this moment in Newfoundland history, we will have a commemorative catalog.

The following advertising categories will be offered for what we hope will be a "keeper" catalog.

Ads are: Full page - 10.00 Half page - \$ 6.00

Ads should be "camera ready" and can be emailed (or a disk snail-mailed) as a high-resolution jpeg, Publisher file, or PDF to Marie Acosta at noblnewf@comcast.net by April 1st, 2010.

If you need assistance or have questions regarding your ad please contact Marie Acosta at the the above email address or call her at 248-594-3346. **Please note that the ads will be in black & white.**

MANEUVERING THE COURSE TO REGIONAL CLUBS

This year's maneuvering course will follow the draft test road trip through the US, with NCA regional club street signs in honor of the hard work of our regional clubs who are responsible for the preservation of our working breed. We would love to have the regional clubs participate with an ad about your club, activities, working dog event dates and perhaps the date, and location of the first working event your club sponsored.

We will be sending our regional clubs a separate notice for these ads, but be sure to remind your club to participate in this great opportunity to promote the coming working events for this year.

MEMORY LANE FREIGHT HAUL OVER THE RAINBOW BRIDGE

Did you have a wonderful working Newf who has left this world and exchanged their harness for wings, hauling carts full of shooting stars over the Rainbow Bridge? This is the place to share your memory and acknowledge the better half of your very own dream team. They taught us everything we know, and we will never forget them.

THE LONG AND WINDING ROAD TO SUCCESS

This section is an opportunity to pay tribute to your first, best, most resilient working dog that taught you how to work. The Newf that kept you in the game and showed you how much fun being together and achieving a goal could be. Please share your pride of these Newfoundlands and the adventures enjoyed while earning the title. This is a place for bragging about your VN's and multi-titled Newfs.

FREEWHEELING...ARE WE THERE YET?

This section is for working Newfs in the making.....puppies with game plans.....retirees planning to come out of retirement, second string players that made the A team.

Celebrate proud Sires and Dams and the titlists they have produced for your kennel.

This is a place to honor the folks who train with you, taught you, steward and encourage you and your Newf to greater heights.

Complete the following information and send this with a check made out to **GLNC** by April 1st to:

**Marie Acosta
2225 Hunt Club Dr.
Bloomfield Hills, MI 48304**

The ad will be set once this information and payment is received.
